## **AIRPORT EXPANDS PARKING IN TIME FOR SPRING BREAKS**

Albany, NY (February 22, 2017) - - - Albany International Airport has expanded the number of available Long-Term parking spaces in time for the 2017 Spring Breaks.

“We have opened two additional Long-Term lots on opposite ends of the terminal to meet the increased demand for on-airport parking,” said Rev. Kenneth Doyle, Chairman of the Albany County Airport Authority. “We are approaching one of our peak travel periods for families and the additional parking will provide quick and convenient access to the terminal.”

Both of the new Long-Term parking lots are available for EZ Pass Plus and credit card holders. The lots are not staffed by attendants. “B” lot is accessible from Jetway Drive. “C” lot is located on the Baggage Claim side of the terminal and is accessible by driving past the terminal and entering on the right.

The newest Long-Term parking lot is located at the west end of the terminal and had previously been used as aircraft ramp space. The Airport Authority was able to recover use of the space to meet passenger demand for more parking availability near the terminal. The Airport now has a total of 6,497 available parking spaces.

Parking demand has been spurred by increased enplanements at Albany International Airport. The number of departing passengers totaled 1,407,434 in 2016, an increase of 8.5 percent over 2015.
