The Airport has FREE WIFI so you can use your laptop, tablet or smart phone.
The Airport Rescue and Fire Fighting Department protects passengers and planes.
The Albany International Airport Coloring Book was designed and drawn by Mr. Paul Aubin’s Computer Graphics class at North Colonie’s Shaker High School. Students toured the Airport, took photographs and later uploaded the images and manipulated them using a Wacom digital drawing table to create each coloring book page in Adobe Photoshop.

“This was a great opportunity for students to gain real working experiences in the world of graphic art, and we are proud of the outcome of the coloring book and we are equally proud of each individual student that helped with the collaborative effort to create a professional looking coloring book for children to enjoy,” said Mr. Aubin.

The Albany County Airport Authority is grateful to North Colonie Art Supervisor Mrs. Anne Manzella, Mr. Paul Aubin and the following students that participated in designing the Albany International Airport Coloring Book.
